

September 18, 2023: Classes begin

Ready, set ... go!

REGISTRATION /ENROLLMENT IN THE DEGREE COURSE

Registration and enrollment for the first year must be made by November 6, 2023.
For information, contact the Student Secretary's Office

Student Secretary's
Office

Stage one: THE KNOWLEDGE TEST

With prior reservation, it is possible to take the test every month, at the Computer Lab. Passing the 'Knowledge Verification Test' is compulsory to take the math exam. In case you don't take or fail the test, you need to attend the 'Additional Educational Obligations' (OFA) course

Knowledge
Verification Test

Educational Obligations)

You can take the
mathematics
exam

OFA
(Additional Educational
Obligations)

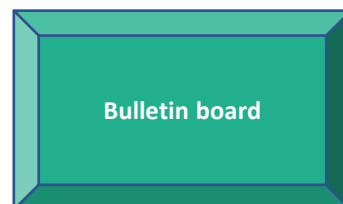

Second stage: LECTURES

Classes are held in-person.

Teaching materials are available on the [Moodle](#) platform.

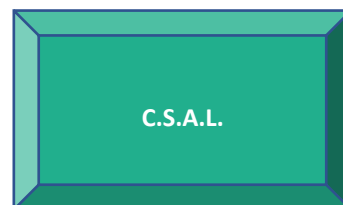

Third stage: EXAMS

All exams can only be taken in person (online exams are NOT admissible)

STRENGTHENING FOREIGN LANGUAGE PROFICIENCY

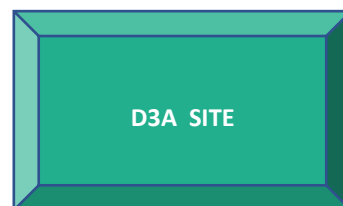

The University offers opportunities and services to students who intend to improve their language skills. For information, contact the Center for Support for Language Learning (CSAL).

TUTORING SERVICE

Specifically selected students are appointed as tutors. They can be found in the lobby of the faculty, for any information or support.

The timetable of the service will be published on the Department website.
