

Foreste e ... dintorni

Seminari, workshop su foreste, ambiente et al.

Giovedì 21 Novembre 2013 - ore 15.00-17.00
Aula I – Dipartimento D3A, UNIVPM

“Shedding light on man's impact on nature: the approaches of landscape ecologists”

Prof. Peter J. Weisberg

Università di Reno, Nevada, USA

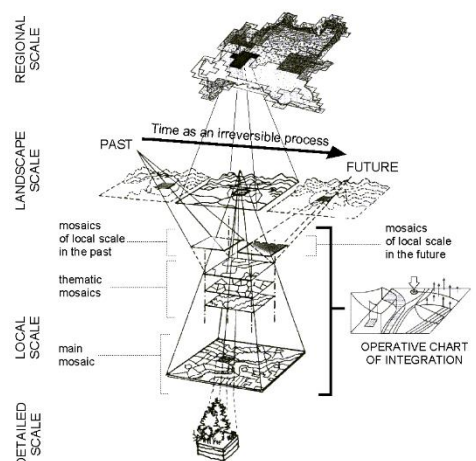

Human influences on water-limited landscapes of the western United States: integrating natural disturbance, climate change and vegetation in the landscape ecological framework.

Prof. Vittorio Ingegnoli

Università degli Studi di Milano

Review of the concept of ‘man’s impact on nature’ according with Landscape Bionomics principles: lights and shadows of real cases in Northern Italy.
